The Episcopal Diocese of Utah

Budget Packet 2023 Budget

Final Pass with Finance Committee Before sending to Diocesan Council November 1, 2022 Meeting

- The design of the budget presentation this year differs greatly from the presentations of the past partly because of the personal approach of presenting budgets by the new CFO and primarily in an attempt to reflect the vision and the direction of the diocese through the budget process (telling our story financially.) You will see in some places that the story paints a wonderful picture of vision and mission, passion, and stewardship. Other areas will show that we have a bit of work to do in changing the landscape of our budget. All of these represent a positive picture of the areas where we excel and hopefully a pinpoint of a few of the areas where we may need to grow and develop.
- 2. Please note: the budget process began with almost a \$500,000 deficit (ie: last year's deficit budget, the large error that was found in April and May, the loss of revenue as a result of the poor market performance.)
- 3. This year's budget also does represent a deficit budget. We have ample funds in reserve (rainy day fund) to support the deficit budget this year. However, we really do, in subsequent years, need to stem this trend and move back to at least a balanced budget. This would require an increase in revenue utilizing our current streams of income and the development of new streams of income as well as ongoing evaluation of our expense portfolio. The goal would be to make improvements throughout 2023 in both sides of the chart of accounts that will move us into a better position for, at least, a balanced budget in 2024.
- 4. The bulk of the deficit in this year's budget is as a result of two items....
 - a. A \$150,000 reduction in the amount being drawn from the "Perpetual Trust" as a result of the poor market performance through the pricing period in 2022.
 - b. The compensation and benefits for the anticipated addition of a "Canon to the Ordinary" for the diocese in 2023.
- 5. For, at least, the fourth year in a row, this budget does not include salary increases for clergy and staff. In the budget work in 2023, we must carve out a way to begin providing, at a minimum, cost of living adjustments (COLA) for our clergy and staff.

Budget Summary
